

### **Körber's Werum PAS-X named a Leader in the Gartner Magic Quadrant for Manufacturing Execution Systems 2021**

**Lüneburg, Germany, 10 June 2021. The technology group Körber is pleased to announce that it has been named a Leader in the 2021 Gartner Magic Quadrant for Manufacturing Execution Systems (MES) for its market leading Werum PAS-X MES for pharmaceutical, biotech and cell & gene therapy manufacturing. PAS-X is modular and cloud-ready, built for collaboration and integration and offers powerful capabilities for data visibility and analytics.**

The industry leading Gartner report Magic Quadrant for Manufacturing Execution Systems recognizes leading MES vendors, based on Gartner's evaluation criteria analyzing the Completeness of Vision and the Ability to Execute. Leaders combine the uppermost characteristics of vision and thought leadership with a strong Ability to Execute. Leaders in the MES market are present in a high percentage of new MES deals, and they win a significant number of them. They have robust core MES and offer reasonable capabilities in extended MES/MOM areas (Manufacturing Operations Management). Specialized in pharma and biotech, Körber's Werum PAS-X has successfully asserted itself in the overall MES segment.

"MES Leader for pharma, biotech and cell & gene – we are delighted to have received this outstanding recognition from Gartner, the leading global research and advisory company," says Jan-Henrik Dieckert, Executive Vice President Global Sales & Marketing Software, Körber Business Area Pharma. "With our Werum PAS-X MES Suite and Werum PAS-X Intelligence Suite, we are continuously developing our offering to drive the digitization of industry and facilitate our customers' business. For example our customers will benefit from the use of artificial intelligence, electronic GMP archives, digitization in cell and gene therapy, digital twins in process characterization, data collection and analysis as well as shop floor integration."

With Werum PAS-X MES, the Körber Group has offered an MES for pharma, biotech and cell & gene. Körber's Business Area Pharma combines a unique portfolio of integrated solutions along the pharma value chain. Customers benefit from easy access to integrated solutions and complementary products from the entire area of competencies from a single source: consulting, inspection, handling, packaging machines and materials, track & trace, and software.
